SHIP BUILDING

NEW SHIPBUILDING SUPERVISION

Our team comprises of naval architects, production engineers, electrical engineers, marine engineers and senior ship officers. We undertake marine construction projects like new building or major conversion supervision, working as owner's representative - covering all stages from vessel's design review to sea trials and delivery. We also provide survey and inspection services around the world.

Our Projects

1 x VLCC	Shanghai Jiangnan Changxing Shipbuilding co. China
4 x Supramax Bulk Carriers	Gouyu Shipyard, China
2 x Kamsarmax Bulk Carriers	DMHI, Mangalia - Romania
1 x Multi Purpose Vessel	Qingshan Shipyard, China
2 x PSV	CAMRE Shipyard, Turkey
2 X Container Vessels	STX Dalian, China
2 X Capesize Bulk Carriers	Shungdong Shipyard, China
2 x Product Tanker	Modest Shipyard, India
2 x Self Discharging Pneumatic Cement Carriers	Modest Shipyard, India

Our Services

- Yard Selection
- Build Specification Development
- Contract Negotiation
- Plan Review and Approval
- Sea Trials
- Delivery and Acceptance
- Guarantee Claim Management

New Shipbuilding Supplies

We help you outfit your new builds with quality Equipment at extremely competitive prices. You can then deliver the vessels with confidence and pride.

Following are some of the equipments we supply

Anchor chains	Mooring Equipments
Anchors	Pipes - Metallic and Non Metallic
Deck and Engine Machineries	Rudder pintle bushes
Electric Cables	Stern tube seals
Galley Equipments	Valves
Lifeboat with Davits	Garbage Compactors
Lights	
Mooring Ropes	

 globetech@globetechgroup.net

Reconditioned Machinery

Why buy expensive Spare Parts ?

When at a fraction of spare part's cost we can offer you replacement, fully reconditioned machinery

We are team of Marine engineers operating simultaneously from

London, Hong Kong, India, China and Bangladesh.

We Source this equipments from demolished vessels in the indian

Sub-Continent and carry out thorough inspection and overhaul.

We keep our reonditioned stock in India, Europe, Middle East ,Korea & China

Our Range of Supply Includes:

Engines 100 HP to 30,000 HP

Crankshafts, Bedplates, Liners, Pistons, Cylinder Covers, Connecting Rod, Exhaust Valves

Seperators

Compressors

Pumps

Turbochargers

Deck Machineries

Navigational Equipments

SHIP REPAIR AT EUROPEAN AND MEDITERANIAN PORTS

We are a team of Marine Engineers with a wealth of experience at both sea and ashore. We arrange and supervise repairs to vessels calling at European and most Mediterranean ports, our scope of work includes but is not limited to:

- Steel hull repair
- Hatch cover repair
- Ballast and tank repair
- Main and Auxiliary Engine overhaul
- Crankshaft renewal or reconditioning
- Turbocharger overhaul
- UT Gauging
- Deck machinery repair

Our office is manned by ex-seagoing Engineers who are well aware of the problems associated with the logistic and repair of vessels. We are proud of successfully carrying out repairs for many satisfied Ship owners and Ship managers around the world. Our connections with local professional repair companies means a fast, efficient and cost effective solution, with the minimum of fuss.

Please visit our website for full details and for the list of our clients, we look forward to getting your call.
